

THE SPARK NOTES VERSION OF OUR GUIDE

A group of power-hungry politicians have voted to put a set of highly deceptive propositions on your ballot this November. They want to make voting more difficult for Arizonans, hollow out our schools with funding cuts, and institute blanket mandates in school sports. You can help stop these propositions this election by voting **no**.

PROP. NUMBER	WHAT IT DOES	OUR RECOMMENDATION
142	Censors what can be said in our schools and institutions by rolling back our First Amendment rights.	 VOTE NO
144	Effectively eliminates your ability to vote by mail entirely – a safe and secure method used for decades in Arizona.	 VOTE NO
318	Expands state power by imposing a one-size-fits-all mandate into law that treats kindergartners the same as college athletes.	 VOTE NO
320	Does not send a dime of new funding to Arizona schools or teachers. It forces schools to cut teacher pay if they don't meet arbitrary benchmarks set by a political appointee.	 VOTE NO
